

# 2013 ROAD ACCESS ENTRY PROGRAM

*for persons with disabilities*

*Washington Department of Fish and Wildlife*

Washington  
Department of  
**FISH and  
WILDLIFE**

**600 CAPITOL WAY NORTH  
OLYMPIA WASHINGTON 98501-1091**

**2013**

## **ROAD ACCESS ENTRY PROGRAM FOR HUNTERS WITH DISABILITIES**

*A cooperative effort between Washington Department of Fish and Wildlife, US Fish and Wildlife,  
Department of Natural Resources, U.S. Forest Service, and Private Timber Companies.*

The State of Washington is an equal opportunity employer. Persons with disabilities who need assistance in the application or testing process, or those needing this booklet in an alternative format, may call (360) 902-2349 or Telecommunications Device for the Deaf 1-800-833-6388

This program receives Federal assistance from the U.S. Fish and Wildlife Service. Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the bases of race, color, national origin, age, disability and sex (in educational programs). If you believe that you have been discriminated against in any program, activity or facility, please contact the WDFW, ADA Accessibility Program Manager at 600 Capitol Way North, Olympia WA 98501 or write to:

U.S. Fish and Wildlife Service,  
Civil Rights Coordinator for Public Access  
4401 N. Fairfax Drive, Mail Stop:  
WSFR-4020, Arlington, VA 22203

## ***Disabled Hunter Road Access Entry Program & Drawing***

The Road Access Entry Program provides access for hunters with mobility disabilities into areas with fewer barriers.

This is a cooperative effort between the Washington Department of Fish and Wildlife (WDFW), Recreation and Conservation Office (RCO), Department of Natural Resources (DNR), U.S. Forest Service (USFS), private timber companies, and hunters with disabilities.

This is **NOT** the same as the special permit drawings offered each year in the “*Big Game Hunting Seasons and Regulations*” booklet. This is **NOT** a permit drawing for deer or elk tag, doe or cow tag.

If drawn, you will be issued an access permit by the land manager allowing you to drive a motorized vehicle into a closed or gated area where other hunters must walk in.

**All areas are:**

- **still open to walk-in hunters.**
- **open to administrative use by the agency or land manager.**
- **subject to logging, fire and emergency closures... etc.**

You do **NOT** have to buy your license or tags first to apply for these Road Access Entry Permits; you only need to be a WDFW registered hunter with a disability and have your Disabled Hunter Wild ID number available. (***This number is on your orange placard.***)

However, if drawn for a Road Access Entry Permit, you must have all appropriate licenses and tags for the game you are pursuing.

**Everyone must follow all state regulations pertaining to hunting.**

### ***How to apply:***

Application submissions begin the first week of June. You must fill out an official WDFW application form for deer and/or elk and return it to the mailing address below or submit one online by **July 31, 2013** in order to be eligible for the drawing.

**Note:** ***Only one application form per hunter is allowed. If you submit more than one entry form you will not be able to participate in the drawing and your entry forms will be destroyed.***

Please read where the Road Access Areas are located and apply only for those areas you would actually travel to should you be drawn.

If applying for elk, the west side and east side elk tags are different and you must hunt in compliance with your tags and equipment.

Game Management Unit (GMU) numbers for the Road Access Entry Areas are listed at the top of each page for your convenience.

## FILLING OUT THE SUBMISSION FORM:

You have up to four (4) Elk and four (4) Deer road choices. Fill out the submission form with the entry number(s) for the road area(s) you would like to drive into.

Enter the number listed under the “Entry Number” column into the choice box on the submission form. ~ **Do not use the “GMU” number** ~ If GMU’s are entered then the form will be destroyed.

**Entry Numbers** are separated into two groups:

**The “D” is for Deer hunts - example: D 173**

**The “E” is for Elk hunts - example: E 285**

Please print your Name, full mailing Address, Telephone number with area code and your Wild ID number (found on your **orange** placard) clearly onto the form.

**Your Wild ID number must appear on the entry form to qualify for the drawing.**

If you want to be considered as an alternate, check the “alternate” box. If there are areas left over, wherever possible, we will match unsuccessful hunters with disabilities to an area close to their preferred choices by geographic location.

Mail form to: ADA Access Program Manager, WDFW, 600 Capitol Way North, Olympia, Washington 98501-1091 and must be post marked by **July 31, 2013**.

Form submission is available online at: [wdfw.wa.gov/accessibility/road\\_access.html](http://wdfw.wa.gov/accessibility/road_access.html)

## DRAWING NOTIFICATION:

Hunters who have been drawn will be notified no later than **August 31, 2013**.

- **Hunters with disabilities who are “not” drawn will NOT be notified.**

**Those who were drawn will receive information including:**

- Congratulation letter
- The Road Access Entry Area for which they were drawn, and
- Instructions on how to obtain the entry permit, key, map... etc.

You may be required to visit the land managers office in person at a specific time to pick up a key, sign papers, and leave a check for a key deposit.

**Designated Hunting Companion** - Hunting areas have different rules about whether the hunter companion can also hunt on their own tag, or must only **assist** the disabled hunter in the harvest.

Successfully drawn hunters with disabilities and their designated hunting companions must follow the rules of the land manager while hunting and driving in the permit area. You will receive a list of these rules when you receive your Road Access Entry Permit.

If allowed on the entry permit, other non-hunting persons or family members besides your hunting companion may be allowed to accompany the hunter with a disability. Each land manager makes this decision, so check before you go.

**Other Road Systems** for hunters with disabilities not requiring participation in this drawing are available. For more details see the section **“Other Road Access Opportunities”** in the back of this road access catalog.

**NOTE:** Please notify the ADA Access Program Manager as soon as possible if you are unable to use the permit drawn. This allows the permit to be reissued to an alternate. Also, contact the ADA Access Program Manager at (360) 902-2349, if you have an *address and/or telephone number change*.

### **TIPS FOR HUNTERS WITH DISABILITIES DRAWN FOR A ROAD ENTRY PERMIT:**

If you are successfully drawn for a Road Access Entry permit, please follow the instructions on the letter you will receive. The letter will describe how to obtain your key or combination and other documents needed for entry into the gated access entry area.

#### **PLEASE...**

- Be courteous to the staff where you pick up your key. They did not pick these areas or start the Road Access Entry Program. They are graciously providing these keys and supplying the paperwork as a courtesy to you, the hunter.
- Do not share stories and consume their time when getting your key.
- Do not call or seek any other information from the land manager, unless the letter instructs you to do so.
- Have your Disabled Hunter Permit (**orange** placard) with you.
- Return the key and required paperwork when your hunting time is up.

Follow all hunting regulations, rules, instructions and procedures of the Road Access Entry Permit and land manager so you and other hunters with disabilities will be welcomed back.

#### **REMEMBER...**

- Access into these drawing entry areas does not guarantee hunting success. Your entry permit simply allows you to drive a vehicle into an area other hunters walk into. All other state hunting laws apply to you. Other vehicle traffic may be allowed in the area for other reasons than hunting. Other hunters with disabilities may be in the area at the same time. There are no guarantees that someone will trespass into the area and be there illegally. Everyone has different expectations of what makes a quality hunt, but the areas provided should offer a good chance of seeing game, with minimal interference from other hunters and vehicles.
- **Signs or gates may be vandalized. Gates and/or locks may be damaged due to vandalism and may prevent you from entering the area you are assigned. If this occurs, WDFW cannot guarantee you will be able to use your permit at your assigned time.**

If you suspect a vehicle is trespassing, **DO NOT ENDANGER YOURSELF**. Instead, note a description of the vehicle, persons involved, license plate number, time, place, etc. and notify the Land Manager and/or Law Enforcement as soon as possible.

## REVIEW:

All Packet information is available online or by calling the number below.

Entries for the Disabled Hunter Road Access Permit drawing for Deer and Elk must either be submitted online or to the address below by **July 31, 2013** to be valid.

**Washington Department of Fish and Wildlife  
ADA Access Program Manager  
600 Capitol Way North  
Olympia, WA 98501-1091**

This form and packet is available online at: [wdfw.wa.gov/accessibility/road\\_access.html](http://wdfw.wa.gov/accessibility/road_access.html)

If you have questions, please contact:

**Dolores Noyés, ADA Access Program Manager at (360) 902-2349**

Questions regarding DNR lands should be directed to Heidi at **(360) 902-1375**.

## DISCLAIMER:

*PLEASE NOTE: If any of the following dates associated with the GMU are incorrect, or the GMUs listed in this pamphlet are incorrect, the 2013 "Big Game Seasons and Regulations" pamphlet dates associated with the GMU's apply. Landowners & managers at anytime may cancel the permit due to fire danger, logging activity or vandalism, etc. The Department has no control over their decision. This program does not guarantee success with your harvest.*

---

## ENTRY INSTRUCTIONS:

The following pages are intended to help you choose an area and provide you with an idea of its location. Each area has a charted schedule showing the **Entry Number, Hunt Type, Date of Hunt** and **Number of Permits** offered for this year.

Each line on the chart schedule represents one road access selection opportunity, and the number of permits indicate the number of hunters who will be drawn for that particular date.

**Entry Numbers** are separated into two groups:

**The "D" is for Deer hunts - example: D 173**

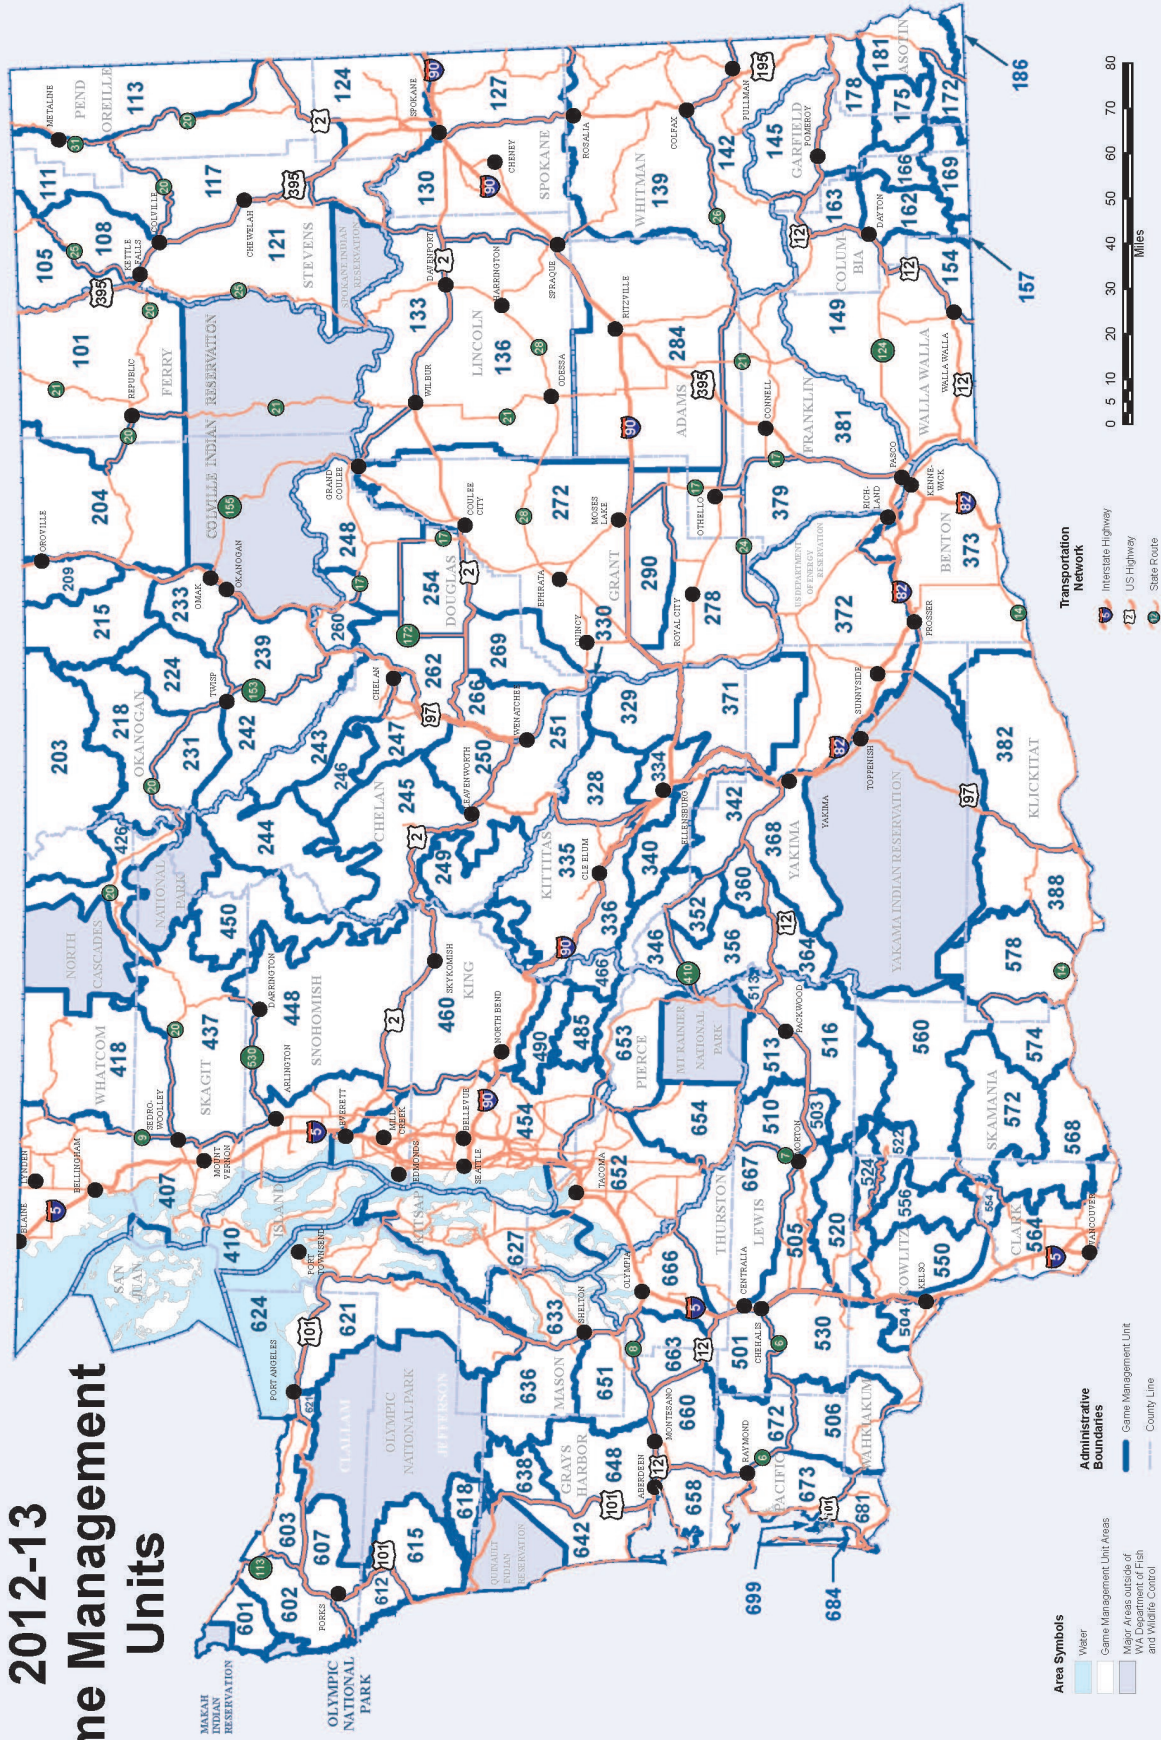

**The "E" is for Elk hunts - example: E 285**

Look through the opportunities carefully. Select up to four (4) deer and/or up to four (4) elk road accesses. Please write the **Entry Number** (located in the left hand column) onto your submission form as indicated. **DO NOT USE THE GMU NUMBER.**

Mail form to: ADA Access Program Manager, WDFW, 600 Capitol Way North, Olympia, Washington 98501-1091 and must be post marked by **July 31, 2013**.

# WESTERN WASHINGTON

## Road Access GMU Sites

The "D" is for DEER Hunts - example: D 173

The "E" is for ELK Hunts - example: E 284

Mt. Rainier as seen from High Rock, south west GMU 513

# WDFW Cowlitz Wildlife Area

Peterman Ridge Unit GMU 505

## WDFW Cowlitz Wildlife Area (GMU 505)

The 6,840 acre Peterman Ridge Unit is located south of Morton in Lewis County. Owned by Tacoma Power and managed by WDFW, this area is home to black-tailed deer. From Highway 12 near Morton, turn south onto Highland Valley Road. Stay up hill to Peterman Hill Road, the entry point is at the 1500 road. Access to over 7 miles of mainline road. All permits must be displayed. ATV's allowed at this site. No off-road travel. Camping is available at Ike Kinswa State Park on Mayfield Lake. One non-hunting person in addition to the Hunter and Hunter Companion is allowed to help.

Entry Number	Hunt Type	Dates of Hunt	# of Permits
D 001	Early Archery	September 1 - 7 *	1
D 002	Early Archery	September 8 - 14 *	1
D 003	Early Archery	September 15 - 21 *	1
D 004	Muzzleloader	Sept 28 - Oct 2	1
D 005	Muzzleloader	October 2 - 6	1

D 010	Late Archery	December 11 - 24	1
D 011	Late Archery	December 25 - 31	1
D 012	Late Modern	November 14 - 17	1

\* Due to fire danger regulations, this area could be closed to motorized vehicles. Check with Area Manager.

# WDFW Scatter Creek Wildlife Area

## Skookumchuck GMU 667

### WDFW Scatter Creek Puget Sound (Skookumchuck) Wildlife Area (GMU 667)

The 960 acre Skookumchuck Unit is managed by and on TransAlta's private property located eleven miles NE of Centralia and downstream from the Skookumchuck Dam in Thurston County. On Hwy 507, go south of Tenino towards Bucoda 2.3 miles and turn left (east) onto 184<sup>th</sup> Ave SE, which becomes Skookumchuck Rd. SE. Proceed 5.4 miles and turn right (south) onto Thompson Creek Rd SE. Proceed 1.0 miles to TransAlta's Gate #17 on the left just past BPA's transmission lines. This road is 1.9 miles long. Deer and Elk move into and through this security cover from forage fields on the north side of the river and meadows on the south side. This access is for the south side of the Skookumchuck River and for **Elk** only. ATV's, target shooting, and overnight camping are not permitted on the habitat area. Camping is available at Millersylvania State Park. Hunters may bring one hunter companion to help.

Entry Number	Hunt Type	Dates of Hunt	# of Permits

E 014	Modern	November 2 - 13	1
E 015	Late Muzzle	Nov 30 - Dec 7	1
E 016	Late Archery	December 8 - 15	1

## Prevent Wildfires

Burning of any material, except firewood, is prohibited.

**No fireworks.**  
Fireworks are not allowed on DNR-protected lands.

AT DNR CAMPGROUNDS, USE APPROVED FIRE PITS ONLY

NEVER LEAVE A FIRE UNATTENDED.

Never park vehicles, including recreational vehicles, on dry vegetation. The exhaust system can get hot enough to start a fire.

Only dispose of lit smoking materials in ashtrays or cup of water, so that they will not ignite another source.

Keep a shovel and water close at hand when a campfire is burning. Use water to drown the campfire, and use a shovel to stir the coals to cool it down. Repeat as needed. **Completely extinguish the fire before you leave.**

# DNR Capitol Forest

DC Line Road GMU 663

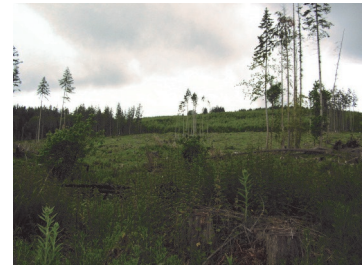

**Capitol State Forest - DC Line Road (GMU 663)** Located in the Capitol Forest between Porter and Oakville opposite of State Route 12 – Mile Post 31. Approximately 4 miles of road accessing good views of both timber and cut over areas. Be extremely cautious. Logging is occurring on this road and there could be brush pickers. ATV's are allowed. No camping.

D 035	Late Modern	November 14 - 17	2

## Non-Motorized Trail Use on DNR-managed Lands

DNR-managed lands provide opportunities for multi-use recreation activities. Some areas limit recreation use to specific activities and are posted.

**BE SAFE. ALWAYS WEAR A HELMET**

**Control your mountain bike.** Inattention for even a moment could put you and others at risk. Ride within your limits and abilities.

**Yield appropriately.** Let your fellow trail users know you're coming. Bicyclists must yield to other non-motorized trail users.

**Know more about the dirt you're on.** Wet and muddy trails are more vulnerable to damage than dry trails.

**YIELD**

**STAY ON DESIGNATED TRAILS**

**Leave no trace.** It is illegal to build trails without approval from DNR.

**All recreation activities must yield to horses and animals.** Downhill travel has right-of-way.

**Never scare wildlife.** Animals easily startle at sudden movement or loud noises. Give animals enough room and time to adjust to you.

[dnr.wa.gov/recreation](http://dnr.wa.gov/recreation)

**Plan ahead:** Be self-sufficient. Carry necessary supplies and appropriate gear for changes in weather or other conditions.

# DNR Elbe Hills

## GMU 654

**Elbe Hills (GMU 654)** From Elbe continue East toward Ashford on highway 706 for 6.1 miles. Turn left onto 278<sup>th</sup> Ave. East and follow .6 miles to the end of the county road. Continue left for 2 miles. Stay left for 1.8 miles to Beaver Creek Trailhead. The gate is around a sharp left hand turn (not visible from the main road). There is approximately 9.25 miles to explore behind the gate. No ATV's allowed. Overnight camping is allowed.

Entry Number	Hunt Type	Dates of Hunt	# of Permits

## DNR Hood Canal State Forest

### GMU 621

#### DNR Hood Canal State Forest (GMU 621)

From Highway 101 and Jorsted Creek Road (Forest Service 24 Road) follow 2.1 miles to the junction of FS 2480 and FS 24 Roads. Turn left onto FS24 and follow for 3.6 miles. Turn left off FS 24 to the gate. There are several large thinning units behind the gate. No overnight camping. Street legal vehicles on roads only. Discover Pass Required.

Entry Number	Hunt Type	Dates of Hunt	# of Permits
D 050	Early Archery	September 1 - 14	3
D 051	Early Archery	September 15 - 27	3
D 052	Modern	October 12 - 18	3
D 053	Modern	October 19 - 25	3
D 054	Modern	October 26 - 31	3
D 055	Late Modern	November 14 - 17	3

### Target Shooting on DNR-managed Lands

**!** Target shooting is allowed **ONLY** in areas with an unobstructed, earthen backstop that can safely stop all projectiles and debris. Some areas may be designated or posted as "no shooting."

**Pack out what you pack in.**  
Pack out all shells, brass, paper, and other debris.

No shooting within 500 feet of a recreation site or structure.

Unless otherwise posted, target shooting is not allowed 1/2 hour after sunset to 1/2 hour before sunrise.

No shooting from across, along, or down roads or trails.

Use paper targets only.

**SHOOT ONLY IN AREAS WITH UNOBSTRUCTED, EARTHEN BACKSTOP.**

# DNR Green Mountain

5 and 6 Road GMU 627

## Green Mountain State Forest – 6 Road and 5 Road (GMU 627)

Go northwest from Bremerton and take Seabeck Highway to Holly Road. Take Holly Road about 2 miles (just past Wildcat Trailhead) and turn left on Rock Quarry Road. Go through county gate stay to the left and follow about 0.2 miles to DNR gate. This is the GM 4 road. Follow this road about 3 miles and past three trail crossings to intersection of GM 6 road. The ADA hunting area starts here. Logging operations may be occurring, and there are other recreation users in the area, so be sure of your shot. To access the GM – 5 Road: Continue on the GM 6 road to the intersection of the GM 5 road (approximately 1.5 miles). Turn left and follow to the end. No ATV's are allowed. No camping.

### You Can Make a Difference and Make a Statement with Personalized License Plates

The Washington Department of Fish and Wildlife (WDFW) launched a "Make A Difference – Make A Statement" campaign that is aimed at increasing public awareness of our state's Personalized License Plate program. Proceeds from the sale of personalized license plates directly benefit Washington's wildlife species and their natural habitat. By buying personalized license plates, Washington vehicle owners support wildlife research, recovery efforts, and viewing opportunities for wildlife species such as bald eagles, burrowing owls, Columbian white-tailed deer, and spotted frogs.

Personalized plates are available for Washington passenger vehicles for \$49.75, with a yearly renewal fee of \$32. Forty dollars of the initial purchase, and the entire \$32 renewal fee, help conserve wildlife species through WDFW's Wildlife Program. Personalized license plates allow motorists to "Make A Statement" while they "Make a Difference" for Washington's wildlife.

For more information on personalized license plates or to receive an application in the mail, call the Washington Department of Licensing at (360) 902-3770. Applications are available at license vendors. You can also log on to the Department of Licensing website at [www.wa.gov/dol](http://www.wa.gov/dol) for an electronic application.

# DNR Studebaker

## GMU 550

**Studebaker (GMU 550)** From I-5, take Woodland exit and go east about 11 miles to Studebaker Road on right just past dam. This area has steep side hills and roads have trees growing at edges. Gate is yellow. Overnight camping is allowed. ATVs are allowed.

# WDFW Methow Wildlife Area

Riser Lake GMU 218

## WDFW Methow Wildlife Area - Riser Lake (GMU 218)

The 4,225 acre Rendezvous Unit is located in north central Washington near the town of Winthrop. The habitat is mostly rolling hills covered with sage brush, with draws containing scattered pine and aspen trees. Mule deer are the most abundant big game species in this area, but one might also come across whitetail deer. From the town of Winthrop, drive north 1 mile on West Chewach road. Turn left onto Rendezvous Road and go 1.3 miles to Gunn Ranch Road. Turn left and drive 1 mile on Gunn Ranch Road until arriving at the Riser Lake access gate. Turn left to enter the parking area. This area includes graveled parking and a vault toilet. Both ATV's and street legal vehicles are authorized for this area. Camping at Riser Lake is not allowed, but beautiful Pearygin Lake State Park is within 5 miles of town.

## Discover Pass

The Discover Pass is your ticket to millions of acres of state lands managed by WDFW, the Washington Department of Natural Resources, and Washington State Parks. Your purchase of a Discover Pass helps to keep recreation access open on these state lands.

You don't need a Discover Pass to hunt and fish on WDFW-managed lands. When you purchase a hunting or fishing license, you also receive a complimentary Vehicle Access Pass that gives you access to hunt and fish on WDFW-managed lands.

However, to hunt on many DNR managed lands and to fish on DNR managed lands AND state parks, you will need a Discover Pass. (Hunting is not allowed in state parks.)

Learn more about when and where you need a Discover Pass and how to purchase the pass at:

[discoverpass.wa.gov](http://discoverpass.wa.gov)

The Discover Pass is just \$30 per year and can be switched between two vehicles. A day-use pass is \$10. (Transaction fees may apply)

## Vehicle Access Pass

You must clearly display a Vehicle Access Pass (VAP) to park a vehicle at all posted WDFW wildlife areas and water access sites. The VAP must be visible from outside the vehicle (they can be placed on the dash or hung from the rear-view mirror) and can be switched between two vehicles. You can get a rear-view mirror hanger from your local license dealer.

Your Vehicle Access Pass is free with the purchase of an annual hunting, fishing, or trapping license. It cannot be purchased separately. Your Vehicle Access Pass can be switched between two motor vehicles.

For a list of locations requiring the VAP, visit:  
[wdfw.wa.gov/lands/wildlife\\_areas/](http://wdfw.wa.gov/lands/wildlife_areas/)

# WDFW Methow Wildlife Area

## USFS Bear Mountain GMU 224

### WDFW Methow Wildlife Area - Bear Mountain (GMU 224)

Bear Mountain (USFS) is located on U.S. Forest Service property near the Loup Loup summit off of State Route 20. Twisp is approximately 12 miles from this site. This area is characterized by rolling hills with mixed Ponderosa Pine and Douglas Fir forest with a shrubby understory. Bear Mountain has an extensive road network. Mule deer and black bear are the big game species found in the area. From State Route 20 at the Loup Loup summit, go north on Forest Service Road 42. At 0.6 miles from the highway, USFS Road 42 will veer right. Continue on USFS 42 for another 3 miles until the pavement ends. Access to the Bear Mountain site is on the left. Camping facilities, including vault toilets are available at nearby USFS campgrounds. Only street legal vehicles are authorized. ATV's are prohibited.

## Motorized Trail Use on DNR-managed Lands

**RIDE ONLY ON TRAILS DESIGNATED FOR YOUR TYPE OF OFF-ROAD VEHICLE**

**Protect the environment and natural resources.** Stay on designated roads and trails.

**Tread lightly.** It is illegal to build trails without approval from DNR.

**Children under 13** may operate an off-road vehicle on a non-highway road designated for off-road vehicles if they are directly supervised by a person 18 years of age or older with a valid license.

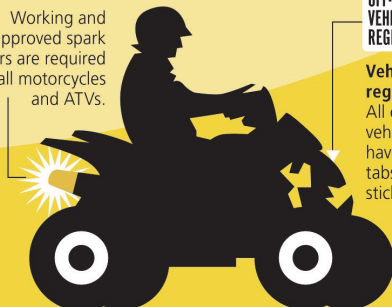

**NEVER RIDE WITH A CHILD IN FRONT OF THE DRIVER.**

Never ride an all-terrain vehicle (ATV) with a passenger unless the vehicle is certified for two riders.

**OFF-ROAD VEHICLE REGISTRATION**

**Vehicle registration.** All off-road vehicles must have current tabs and stickers.

Seatbelts are required for 4x4 use.

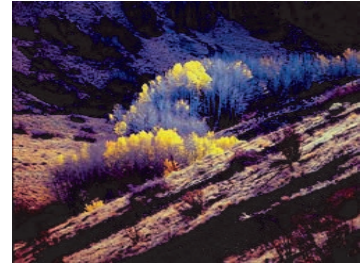

**DOT-approved helmets are required.** For extra safety, consider wearing a full-face helmet and other protective gear.

Inspect your gear before you ride.

Off-road vehicles must be registered in the state where the user resides.

# WDFW Oak Creek Wildlife Area

## Cougar Canyon GMU 360

### WDFW Oak Creek Wildlife Area - Cougar Canyon (GMU 360)

This 40,366 acre Oak Creek Unit is 8 miles west of Naches on Hwy 12. A winter elk feeding program is conducted annually. This access departs from the office headquarters on the Bethel Ridge road and up past the Cougar Canyon road on the right. Stay on Bethel Ridge to the signed area on right approximately 5 miles. All permits must be displayed in this area. Only one ATV per entry is allowed at this site. No off road travel. This road is not maintained. 4x4 vehicle recommended. Primitive camping on Bethel Ridge road and at office available with permission. USFS Forest Service campgrounds are nearby. Please contact the Naches Ranger Station for more information.

# WDFW Scotch Creek Wildlife Area

Chesaw Unit GMU - 204

## WDFW Chesaw Wildlife Area (GMU 204)

The 4,351 acre Chesaw Unit is located 4 miles south of the Canadian border in the northwestern portion of Okanogan Co. East from Oroville approximately 18 miles on the Oroville-Toroda Creek road, left on Byers Road approximately ½ mile, left into the Wildlife Area residence driveway. Access is beyond the managers house and through the gate. Hunters must have all permits displayed and stay on the mainline road at all times. The road ends at the north boundary of the Wildlife Area approximately 3 miles. White-tail and mule deer are present in the area. Camping facilities are available at either USFS Beth Lake or Beaver Lake, approximately 8 miles SE. Contact the Tonasket Ranger Station for more information. The town of Chesaw is one mile. One non-hunting person in addition to the Hunting Companion is allowed to help. Only one ATV vehicle is allowed to assist the disabled hunter with NO off road travel. ATV unloading area is available at gate entrance.

## Camping on DNR-managed State Trust Lands

### OBSERVE STAY LIMITS

Stay limits vary at each campground. If not posted at campground or on DNR's website, maximum stay is 10 days in a 30-day time period.

Unless posted, all campsites are first-come, first-served. Saving campsites is not allowed.

Dispersed camping may be allowed outside of developed recreation facilities. When camping outside of designated areas, locate your campsite at least **200 feet from streams** and other water resources, and camp on durable surfaces. Camping is not allowed in some areas, such as those posted as "day use only."

Quiet hours:  
After 10 p.m.  
and before  
7 a.m.

Campfires are permitted in approved fire pits only. Completely extinguish the fire before you leave.

MIN. 200 FT. TO STREAMS

APPROVED  
FIRE PITS ONLY

[dnr.wa.gov/recreation](http://dnr.wa.gov/recreation)

Collect firewood only from dead and down material 12 inches or less in diameter at its largest point.

# DNR Ahtanum State Forest

C 1500 Road GMU 368

**Ahtanum State Forest – C-1500 Road (GMU 368)** From Yakima, travel west on Ahtanum road to Tampico. At Tampico go west on North Fork Ahtanum Road for 3 miles. Turn right on A-5000 road for 2.2 miles. Follow the road to A-5500 and turn left on the C-1000 road. Follow the C-1000 road for approximately 3 miles., and just past the cattle guard, turn left on C-1500 for approximately ½ mile to the gate. No camping behind the gate. There are several camp grounds available outside the gate. No ATV's allowed.

### **The Swanson Lakes Wildlife Area WDFW (GMU 136) provides two access areas:**

The Roloff Unit is located in the center of the Wildlife Area, about ten miles south of the town of Creston. The habitat is mostly shallow alkaline soils covered with sage brush, native bunchgrasses, and a few groves of aspens usually found in conjunction with shallow, seasonal alkali ponds. Mule deer are the predominant big game species. Coyotes are also abundant. Gray partridge are the primary hunted upland game birds. Hunters must be completely certain of their upland bird species before shooting; it is illegal to shoot native sage grouse and sharp-tailed grouse, both present on the Wildlife Area. Both ATVs and street legal vehicles are authorized for trail use only for this portion of the Wildlife Area.

The Welch/Anderson Unit is located on the east side of the Wildlife Area, about eight miles south of the Telford Rest Area on U.S. Highway 2. The rest area is located between the towns of Davenport and Creston. The habitat is mostly shallow alkaline soils covered with sage brush, native bunchgrasses, and a few groves of aspens usually found in conjunction with shallow, seasonal alkali ponds. However, the Lake Creek drainage runs through this parcel, including the informally named mile-long “Z Lake,” which contains a seasonal population of waterfowl, and a fishable population of planted rainbow trout. Mule deer are the predominant big game species. Coyotes are abundant, but difficult to spot during the day. Gray partridge are the primary hunted upland game birds. Hunters must be completely certain of their upland bird species before shooting; it is illegal to shoot native sage grouse and sharp-tailed grouse, both present on the Wildlife Area. Access is provided via a gated driveway to an abandoned home site, off Telford Road North, heading downhill to the drainage. The entry road has an informal parking area 1/3 mile down the hill, where the gravel driveway ends and a trail starts north. There are no restroom facilities. Both ATVs and street legal vehicles are authorized for trail use only for this portion of the Wildlife Area. Trails will take the visitor to the south edge of Z Lake, and to a short cliff along the east side of the lake.

### **West Branch Little Spokane Wildlife Area WDFW (GMU 117) provides one access area:**

Through a locked gate off the corner of Horseshoe Lake Road and Holly Road. This intersection is accessed from U.S. Hwy 2 off the Eloika Lake Road. The trail, which continues northeast off the noted corner, eventually delivers the driver to a parking site, an abandoned dairy just north of Fan Lake. Drivers should take care to stay on the uphill side of the trail while traveling to and from the parking area, as there is continuing erosion around a culvert on the downhill side of the trail. There are no restroom facilities at this Wildlife Area. The habitat is composed primarily of upland forest, with some meadow openings. The West Branch Little Spokane River also runs through this property, providing fishing opportunities. Hunted species include white-tailed deer, forest grouse, and turkey. Beyond the parking area at the dairy, ATVs are the only authorized motorized vehicles, and they must stay on established trails. This Wildlife Area has an extensive trail network; however, some of the trails may be blocked off to access, and the fords across the river are not always passable. Crossing the river at locations other than established fords is prohibited.

The NE Washington Wildlife Area Complex Manager limits authorized travel at all of these access areas. Only the hunter with a Disabled Hunter Permit and the designated hunting companion (while accompanying the hunter with a disability) may operate the vehicle or be transported on/in it. No vehicular camping is allowed at any of these areas.

For reservations, rules, and other information about Swanson Lakes and West Branch Little Spokane Wildlife Area, call the Manager at (509) 636-2344 in advance.

### **Cle Elum Ranger District (GMU 328)**

*Camping allowed – prepare for snowy conditions – between 4000-6000 elevations.*

Table Mountain can be accessed from the south from Highway 97 near Ellensburg and from the north – from Highway 97 at Blewett Pass. The southern route, locally known as Reecer Creek, starts out on a two lane paved road with turnouts and climbs steeply through a series of switchbacks that lead to the Table Mountain area and accesses gravel forest service roads. Services road include 35, 3500, 114, 3507, 3517, 3521, 3530, 9712, 9716 and numerous spur roads.

### **The Colville National Forest (GMUs 101, 105, 108, 111, 113, and 117) :**

The Colville National Forest (CNF) has road opportunities for 2013 on all four Ranger Districts. All routes are signed, gated, and locked. Hunters with Disabilities must visit any CNF office or the Washington Department of Fish and Wildlife (WDFW) office in Spokane prior to or on their first day of hunting to sign in and receive information, maps and access procedures and permits. Hunters with Disabilities must also have the Disabled Hunter Permit in their possession. The hunter with a disability and one designated hunter companion may carry firearms while using the area. The designated hunter companion may also fill their own tag. All WDFW rules and regulations apply. No firewood cutting or other removal of forest products is allowed. Camping and off-road-vehicle use on these roads may or may not be permitted – check with the Forest Service office before accessing the roads. If camping or off road vehicles are allowed, all pertinent Forest Service rules and regulations will apply. For specific information including CNF office business hours, road locations, maps, and other details, please contact the Colville National Forest Supervisor's office at (509) 684-7000.

Most areas have deer and some have elk. These are a mix of high mountain areas, clear cuts logging and forested areas. Forest service maps can be purchased at most FS offices. Call the specific FS office for more information.

### **Northeast Spokane INWC (GMU 121) : \* Snow may occur as early as October 31 in the Loomis State Forest.**

Contact the Inland Northwest Wildlife Council at (509) 487- 8552 for more information about private land-owner opportunities on private timberlands. Some are in old logging areas with locked gates and extensive road systems. These areas provide limited access for disabled permit holders to drive motor vehicles into the “walk-in only” areas.

### **DNR NORTHEAST REGION - COLVILLE:**

Loup Loup State Forest North (GMU 233) Access from West Fork road out of Conconully, Salmon Creek road to Loup Loup Canyon road which runs north and south all the way to Highway 20. ATV's allowed on DNR roads only.

Loup Loup State Forest South (GMU 239) Access from Chilliwist road 1882 off Old Highway 97. On non-gated roads, ATVs allowed on DNR roads only.
